

On-Track Plant Competencies Expiry

Confirmation has been received this week from the Plant CDG and Network Rail Principal Engineer that the On-Track Plant Competencies that expire on the 25th September 2016, still has the 8 week grace period.

BUT please note - during this 8 week period the competence is **not** valid and should not be used.

Assurance Calendar

This is now available for all Training Providers to use and familiarise themselves with the functionality and requirements.

From the 25th October 2016 this will be **mandatory** to have ALL Sentinel training and assessments scheduled.

Training Provider Forum

REMINDER: Next Provider Forum is on the 13th October 2016 – please make sure you accept the invite to confirm your attendance.

Regards

QA Team
