

APPRENTICESHIP SUPPORT SERVICES

Let us help you design, develop & optimise your apprenticeship programmes

We offer end to end apprenticeship solutions to address your apprenticeship questions:

How do I measure the effectiveness of my apprenticeship programmes?

How do I design an apprenticeships programme?

**FIND YOUR
SOLUTION**

How do I navigate the apprenticeship levy?

How do I source the right candidates?

"We all know how important apprenticeships are to the industry, employers and to apprentices themselves. Apprenticeship programmes supply the industry with an ongoing cohort of qualified, diverse talent that reflects the communities rail serves."

Neil Robertson Chief Executive

APPRENTICESHIP SUPPORT SERVICES

APPRENTICESHIP DESIGN & DEVELOPMENT

We can create apprenticeship programmes that meet your needs or find ways to make your existing programmes work more effectively.

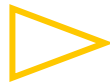

NAVIGATING APPRENTICESHIP STANDARDS & ASSESSMENT WITH LEVY PLANNING & OPTIMISATION

We help you understand and access your apprenticeship levy contributions and support your apprenticeship funding plan.

WORKFORCE ANALYSIS & PLANNING AGAINST EDI COMMITMENTS

Using our workforce planning expertise, we can support you to evaluate where apprenticeships might benefit your workforce and how you can reinforce commitments to EDI.

CONTINUOUS QUALITY IMPROVEMENT SUPPORT

We can provide support with navigating the apprenticeship standards currently offered and deciding which apprenticeship level is right for the skills you want to build in your workforce.

NEW SERVICE – SKILLS MATCH

- We have just launched our new service called Skills Match.
- Through this service will remove barriers to apprenticeships by matching employers with training providers, helping to fill skills gaps and shortages.
- We will also support building these cohorts of apprentices and identifying the most impactful apprenticeship standards for your business.

NEW

Matching apprentices, employers and training providers
